Subject

New Industrial School at Chennapatna

Sl. 1

Letter No 6951/242 dated the 30th January 1904 from the DPI of Edn in Mysore

The DPI reports that, in accordance with Govt order No 14668 77/Ed R 4 96 dated the 7th April 1903, steps have been taken to open an industrial School at Chennapatna

A sum of Rs 1500 (one thousand five hundred) is provided in the budget (under Industrial and other special Schools, Local Funds General) on account of establishment and Rs 1000 on account of industrial expenditure, for the School to be opened at Channapatna

The DPI now reports that Rs 10 or Rs 120 a year will have to be paid on account of house rent and the balance viz Rs 115 a month or Rs 1380 a year on account of the establishment proposed to be employed for the School

Sanction is requested for

120
Rs 1380
1500

to the above utilisation of the amount of Rs 1000

Submitted for orders

Put up a draft sanctioning the proposals Give the details of the Establishment in the draft without mentioning the names of the men—

Yes 4-2-04

Submitted to the Dewan thro the 2nd Councillor 3/2/04

owing amount the maximum of Rs 1500 was intended to be worked out to all at once. The annual grant sanctioned is Rs ~~1200~~ between Rs 1200 & Rs 1500. The D.G.I should be requested to reduce the expenditure under other heads than salaries & leave a margin of some reserve which need hereafter be obtained for new schools & also if more boys descend of the same stock & otherwise the benefit

[illegible] marked
[illegible] new comers [illegible] [illegible]
[illegible] [illegible] [illegible] [

According to the above order the D.C. was asked in this office No 4329 D. 5/3/04 to reduce the expenditure under other heads than Scholarships to leave some Reserve which may be utilized for Scholarships to new-Comers

In Reply he states that the cost of Establishment proposed by him has already been cut down to the minimum and he therefore regrets his inability to reduce it any further if the School is to teach the industries expected of it

A draft sanctioning the proposals put up-

READ—

Letter No 9841—353, dated the 15th May 1903, from the Inspector General of Education in Mysore

With reference to your docket No 15815—Ed 4 96 dated the 7th instant, I have the honor to submit for the approval and sanction of Government the budget estimates of all 'Industrial and oth r Special Schools' in Mysore for 1903 04 maintained from Local Funds General with a memo I have included in them the charges of the Industrial Schools and the Engineering School sanctioned by Government Orders bearing No 14668-77—Ed. F 4 96 and No 14694 6—Ed F 4-96, dated the 7th April 1903

MEMO

1 The budget estimates of the Government Industrial School Mysore for 1903 04, were discussed by the Committee at a Meeting held on the 31st March 1903 The receipts are estimated at Rs 5 000 against Rs 7,205 for the current year and the expenditure at Rs 15,104 against Rs 16 061 for the current year

2 For the extension of industrial education in the State Government have been pleased to sanction the opening of nine Industrial Schools and the grant of a number of scholarships to students desiring to study in Technical Schools in British India in their Order No 14668 77—Ed F 4 96, dated the 7th April 1903 The opening of an Engineering School at Mysore to train up pupils for the subordinate staff of the Public Works and Revenue Departments has also been sanctioned by Government Order No 14694 6—Ed F 4 96 of the same date The charges on account of these schools and scholarships amount to Rs 35,728 for 1903 04 and being met from the Local Funds General are provided in the same budget with the charges of the Mysore Industrial School which is maintained from the same funds The total estimated charges amount to Rs 50,832 for 1903 04

RECEIPTS

3 The figures of the estimated receipts of the workshop classes of the Government Industrial School Mysore for 1903 04 have been obtained from the figures of the actual outturn during the eight working months from 1st July 1902 to end of March 1903 For one month in the current year the school was closed on account of plague

4 The carpentry class has not turned out work at all equal to the estimated receipts of the current year The estimated receipts from this class for 1903 04 are shown to be considerably less than for the current year The outturn expected from the Rattan class is higher than for the current year The actual outturn of the Blacksmiths class is very poor The outturn for 1903 04 is therefore estimated at a low figure For want of a sufficient number of sheds for drying wet tiles, the actual outturn up to the end of March last was only a little more than half the estimated quantity for 1902 03 The outturn for next year is estimated at a much lower figure than for 1902 03 The outturn of the Mechanics class is estimated at a higher figure than for the current year The Mechanics class is the only class that has turned out the full amount of work estimated for the first eight months of 1902 03 It is proposed to abolish the wood carving class from 1st July 1903

5 The fee income of the Engineering School is estimated at Rs 1,296

EXPENDITURE

I Government Industrial School, Mysore—(1) *Machinery and Tools*—The provision has been reduced from Rs 1,378 to Rs 586, which amount provides for the cost of certain new instruments and tools required for the school and of others which are to replace those which are old and worn out The amount includes also the cost of repairs and up keep of the Tile Machinery

(2) *Stock Materials*—The provision for 1903 04 is Rs 50 less than for the current year Rs 100 more is provided for (4) clay quartz etc for 1903 04 than for the current year The other items under this head are either the same as those for the current year or have been much reduced

(3) *Scholarships*—The provision for the current year is repeated

(4) *Temporary sheds etc*—There are now ten temporary sheds which require to be thoroughly repaired A sum of Rs 600 is provided for repairs and new sheds

(5) *Contingencies*—Rs 150 is provided for certain articles of furniture required for the drawing class and for the show room where the articles made in the school are exhibited The amount for the purchase of drawing materials such as paper pencils brushes has been raised by Rs 50 Some books on Engineering Technical Art and Industries are required for the School Library which is freely used by the Drawing and Masonry Classes and also by Government Officers seeking technical information A sum of Rs 150 is provided for these books Rs 175 is provided for sundries which include the wages of lascars to be employed in connection with surveying and levelling work of the Masonry Class besides sundry other charges The Committee are not in favor of granting prizes to the successful students of the school as has been the practice hitherto The provision of Rs 120 for prizes is accordingly struck out

(6) *Wages of Temporary Establishment*—In accordance with a resolution of the Committee passed at the meeting on the 31st March last the class for wood carving will be abolished in July next and the sum of Rs 120 provided for the wood carver is struck out As a sufficient number of carpenters and blacksmiths have to be employed to execute orders received within the stipulated time and the present provision namely, Rs 300 is found inadequate Rs 500 is provided for the purpose for 1903 04

(7) *Establishment*—The provision for 1903 04 is the same as for the current year

(8) *Night Classes*—The present provision is repeated

(9) *Travelling Allowances*—Rs 150 is entered for 1903 04 as for the current year

II Other Industrial Schools—A sum of Rs 26 500 is provided for the establishment and maintenance of the five Industrial Schools referred to in para 3 of Government Order No 14668 77—Ed F 4 96 dated the 7th April 1903 and of the four Weaving Schools referred to in para 5 of the same order

III Engineering School, Mysore—A sum of Rs 4 008 is provided for the Engineering School to be opened at Mysore in accordance with Government Order No 14694 6—Ed F 4 96 dated 7th April 1903 When this school is organised the Masonry Class attached to the Mysore Industrial School will be abolished as required by para 2 of that order and the provision entered for it in the budget for 1903 04 will be saved and it will be struck out altogether from the budget for 1904 05

IV Scholarships—Rs 4 800 is provided for 20 scholarships to be granted to young men desiring to study in any of the Technical Schools in British India and Rs 420 for scholarships to be granted to village school masters deputed to study improved methods in silk industry on Mr J N Tata's Farm at Bangalore

ALSO—

Letter No 10476—373 dated the 12th June 1903 from the same Officer requesting that a sum of Rs 2 090 may be sanctioned for constructing a kiln in the premises of the Industrial School at Mysore and included in the budget estimates of the school for the year 1903 04

No G 177 8—ED, DATED BANGALORE, 14TH JULY 1903

ORDER THEREON—In the budget submitted by the Inspector General of Education with the first of the letters read above, the "Receipts" and "Expenditure" of the Industrial and other Special Schools in Mysore for the yer 1903 04, are estimated as follows —

	Rs
Receipts	6 296
Expenditure	50,832

2 A sum of Rs 2 090 required for constructing a kiln in the premises of the Industrial School at Mysore, referred to in the second of the letters read above is sanctioned.

3 This addition raises the Inspector General s estimate of the charges payable from the Local Funds General on account of Industrial and other Special Schools to Rs 52,922 against an estimated receipt of Rs 6,296 These estimates are passed The usual budget statements are appended and an abstract thereof is given below —

					8 Night classes --	133	133
					9 Travelling allowance	150	150
				II	Other Industrial Schools	--	26 500
II	Fees expected from the Engi neering School at Mysore	---	1 296	III	Engineering School Mysore		4 008
				IV	Scholarships tenable in Tech nic l Schools out ide the State and in Mr Tata s Experimental Farm at Bangalore	--	5 220
	Total Receipts	7 205	6 296		Total Expenditure	16 061	52 922

4 It is observed that the charges of the Mysore Industrial School alone are estimated at Rs 15 104, while the receipts expected from the sale proceeds of the articles manufactured therein are put down at Rs 5,000 This outturn would be unsatisfactory, but it is hoped that with better management the disparity between income and expenditure will be reduced

5 Special attention of the Inspector General is required for the proper utilization of the scholarship grant A report should be submitted showing how the grant of scholarships in the Weavers' class and the Artware Manufactory is checked and the progress made by the holders of those scholarships

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE
Bangalore, 30th January 1904

From

H J BHABHA, Esq., In a,
Inspector General of Education in Mysore,

To

H V Nanjundayya Esq, In a, In L,
Secretary to the Government of Mysore,
General and Revenue Departments,
Bangalore.

SIR,

With reference to Government Order No G 177-8 Ed dated the 14th July 1903 sanctioning the Budget Estimates of all Industrial and other Special Schools in Mysore for the current official year 1903-4, I have the honour to inform you that arrangements have been made for starting an Industrial School at Channapatna from 1st February 1904

A building will be rented for the School at Rs 10/- a month. Of the amount of Rs 1500 a year or Rs 125 a month sanctioned for the opening of the School Rs 10 being utilised for rent, the balance viz Rs 115 will be required for

the following Staff of teachers &c from the same date

		Rs
(1)	Chitragara Venkappaya Lacquer work Industry on	15
(2)	Mariachary Blacksmith and Steel wire maker	- 20
(3)	Dodda Hempanna, Carpenter to work half time or 4 hours a day	- 10
(4)	Mr K Subba Rao, Assistant Master Channapatna High School to be Superintendent	- 15
(5)	A peon	- 6
	Eight scholarships of Rs 3 each	- 24
	Eight scholarships of Rs 2 each	- 16
	Contingencies	- 9
	Total Rs	115

I request that Government may be pleased to approve of the above details of establishment for the Channapatna Industrial School with effect from 1st February 1904

I have the honour to be,
Sir,
Your most obedient servant

H J Bhabha
Inspector General.

From

A No 4

H J BHABHA, Esq., M A,
Inspector General of Education in Mysore,

To

L Anantaswami Rao Esq, BA,
Offg Secretary to the Government of Mysore,
General and Revenue Departments,
Bangalore

Sir,

With reference to your docket No 4329 of 5th March 1904, I have the honour to inform you that the cost of establishment of the Channapatna Industrial School has been cut down to the lowest possible limit It is not possible to pay the maistries less Their pay was fixed after long consultation with the Deputy Inspector & Amildar and the Municipal Commissioners of Channapatna Of these the half time Carpenter has already died of plague, and it is difficult to get another qualified man on the pay of Rs 10 The steel wire drawer and blacksmith has not joined yet although Rs 20 has

been offered to him - It is doubtful if he or any other equally qualified man will accept the post on Rs 20 Rs 15 for the Lacquer Industry who is by far the best of the surviving workers in lacquer is not too much for him Under these circumstances I regret my inability to reduce the cost of establishment if the school is to teach the industries expected of it

I have the honour to be,
Sir,
Your most obedient servant,
H J Bhabha
Inspector General.
